Please provide a brief report on the conference, seminar, or meeting you attended.

~~We live in constant changing times. Our communities are faced with meeting those challenges or falling behind. This conference was a great opportunity to learn about what our future will look like and the opportunities we can utilize in Watsonville. We learned about many programs which offered grants and fiscal aid for our communities. These grants could help move our community into our new era. Housing requirements are ever changing, the need for charging stations being implemented throughout the city, and other changes that will help reduce our carbon footprint. It was great to learn about the many rebates and tax credits offered to the public. It is always rewarding when we are able to bring positive information and services to our community. The NLC was also an opportunity to bond with our colleagues and others throughout the country.~~

*At the conclusion of the event, a brief report on the conference or seminar attended at the expense of the City must be presented to the City Council at the next regularly scheduled City Council Meeting.
