Re: Operation/Maintenance of Pajaro River/Salsipuedes Creek  
Pumps

Dear Don:

This will confirm my telephone conversation of February 10th with John Fantham regarding the City Council's decision to instruct our Public Works Department to take over the operation and maintenance of the eighteen levee pumps on the Pajaro River and Salsipuedes Creek. This policy will become effective immediately.

City Manager John Radin has indicated that he would like an early meeting with you and your staff to discuss some of the details of the City's takeover of the pumps.

Very truly yours,

  
John Cooper  
Public Works Director  
/al

cc: City Manager
