## Questions:

- \* Do you also require voter registration to serve on a board, commission or committee?
- \* If you've recently made a change to eliminate the voter registration requirement, can you share your staff report, or your current policy detailing that change?

requirement for appointive boards and commissions. (Because one has to be a citizen in order to register to vote, requiring voter registration becomes a de facto citizenship requirement, which is now prohibited.) Pismo Beach Attached is our staff report from Jan 2020 where we discussed it, and we shortly thereafter changed our advisory body bylaws, and related muni code provisions, to eliminate the voter registration requirement for advisory body applicants. We replaced it with a simple residency requirement. We still do ask applicants whether they're registered to vote in our city, and if so we accept it as prima facie proof of residency, but if they're not registered, we don't disqualify them based on that. Good luck! Here in Gilroy, we have a requirement that they must be registered to vote within the City limits of Gilroy. There has been no request to change it otherwise as it is directly part of the City's Charter. Gilroy San Anselmo The Town of San Anselmo does not have such requirements. In 2021 our Council changed the requirement on being a registered voter. It was required for our commissions only, not committees. The Council was discussing adding two additional planning commissioners from 5-7 and then the elector issue came up. So it was not addressed in the agenda report for 1<sup>st</sup> reading. It came up on the floor. San Dimas We made this change a couple of years ago. Here is a copy of the report. Newark The only Milpitas Commission that requires voter registration is our Milpitas Planning Commission. Our policy is similar to yours. We also check voter registration with the Dana Point registrar of voters The City of Santa Ana made such a change in March 2021.
