

Agenda Report

MEETING DATE: Tuesday, August 27, 2024

TO: City Council

FROM: PUBLIC WORKS & UTILITIES DIRECTOR LINDBERG
ASST. PUBLIC WORKS & UTILITIES DIRECTOR GREEN

SUBJECT: AWARDING BID TO ANDERSON PACIFIC ENGINEERING
CONSTRUCTION, INC. IN THE AMOUNT OF \$19,974,600 FOR THE
CONSTRUCTION OF THE WWTF ELECTRICAL SYSTEM HAZARD
MITIGATION IMPROVEMENTS PROJECT, NO WW-22-14797

RECOMMENDED ACTION:

Adopt a resolution awarding construction contract to Anderson Pacific Engineering Construction, Inc. a corporation, for the WWTF Electrical System Hazard Mitigation Improvements Project, No. WW-22-14797, in the amount of \$19,974,600 and authorizing Interim City Manager to execute same.

BACKGROUND:

Bids have been received for the WWTF Electrical System Hazard Mitigation Improvements Project, No. WW-22-14797, and action is needed to award the contract to the lowest responsive, responsible bidder to allow construction to proceed.

DISCUSSION:

The City's Local Hazard Mitigation Plan (LHMP) identified the critical components of the Wastewater Treatment Facility's (WWTF) electrical system as highly vulnerable to seismic, flood, and climate-related hazards. The project will create a resilient electrical system for this critical community infrastructure by relocating and consolidating the WWTF critical electrical facilities away from their current hazard-vulnerable locations into one new Main Electrical Facility.

The City was awarded a grant through the Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant Program and the California Governor's Office of Emergency Services (CalOES) Prepare CA Match program for a total grant award of \$16,912,774, plus an additional \$750,000 for grant management costs.

The engineer's estimate of probable construction cost was \$19,073,000. Sealed bids were received at 250 Main Street on Tuesday, August 13, 2024, at 2:00PM, at which time the following Bids were received:

CONTRACTOR	TOTAL BID
Anderson Pacific Engineering Construction, Inc.	\$19,974,600
Shimmick Construction Company, Inc.	\$23,064,180

Staff recommends that the bid be awarded in the total amount of \$19,974,600 to the lowest responsive, responsible bidder, Anderson Pacific Engineering Construction, Inc.

STRATEGIC PLAN:

This project supports Strategic Plan Priority:

2-Infrastructure & Environment

FINANCIAL IMPACT:

The total project amount is \$19,974,600. This project is included in the current approved budget for the Sewer Enterprise Fund budget #911-7831-14797. \$16,912,774 of the project cost will be reimbursed by the FEMA and CalOES grants, leaving \$3,061,826 to be paid from the Sewer Enterprise Fund. There is sufficient budget available in the Sewer Enterprise Fund. The project is to be appropriated across fiscal years as follows:

Fiscal Year 24/25: \$10,000,000

Fiscal Year 25/26: \$9,974,600

ALTERNATIVE ACTION:

No reasonable alternatives are known at this time.
