

# Mayor's Updates

## 2/25/2025

- Had a great meeting with **PG&E's** Government Relations team to talk about the gas line removal at Ramsay Park. They're working hard to make sure this doesn't affect our construction timeline.
- It was a pleasure presenting a proclamation to **Watsonville Public House** to celebrate their first anniversary. It's always a joy to support our local businesses!
- I had the honor of recognizing the **Cultural Arts and Diversity Resource Center at UCSC** for their incredible work in the arts, education, and community. Their *Paradise Blue* production was fantastic!
- Our **City-Wide District-Based Survey** is live! We truly want to hear from YOU. Your thoughts will help guide key decisions and how we prioritize resources in our community. A big thank you to our amazing staff for putting this together!
- I visited the **Watsonville Senior Center** and connected with residents. They were excited about Valentine's Day Dance which was a success from what I hear!
- Had the pleasure of connecting with the inspiring students at **Moreland Notre Dame School**. It's always energizing to spend time with our youth and see their excitement!

- Joined the **Friends of Watsonville Parks and Community Services** Board of Directors meeting. Don't forget to mark your calendars for our **Cesar Chavez Community Awards** on Thursday, March 27, at 6 PM in the community room.
  - Nominations are open until March 7—hope you'll submit someone special!
- Also attended the **Pajaro Regional Flood Management Agency** Board of Directors meeting.
- A huge thank you to our **Library Staff** for organizing the **Read Across America Bibliovan Tours**. We can't wait to join in next week!
