

My name is Noe Ibarra, and I am interested in serving as the parks and recreation commissioner for my district. I was born and raised in Watsonville and continue to enjoy living in this town. To have the opportunity to help make decisions that will have a positive impact on the individuals in my community would be a great honor. I have the ability to make decisions without the influence of my interest and put my community first. The experience I have gained from leading small teams as a project manager has allowed me to execute the tasks on time and work well with others while being a successful leader. I am looking forward to serving my community as a leader in this role and be a significant influence on our youth as they are the future.
