To Whom it May Concern,

I am applying for the open position on the City of Watsonville's Planning Commission. I have lived and worked in Watsonville for most of my life. I attended Moreland Notre Dame, Watsonville High School, and Cabrillo College before leaving home to attend California State University, Sacramento.

The Planning Commission is a very important part of the planning process for the City of Watsonville. The recommendations of the Planning Commission inform and guide both short-term and long-term planning for the future of Watsonville, including projects and policies which affect our growth and development.

I believe the combination of my experience living and working in Watsonville, my understanding of how local government works, and my education, public health, and transportation work experience will be beneficial to the Planning Commission. I also feel that it is important for the Planning Commission to be fully staffed in order to provide our City Council and our community with clear recommendations as we move forward.

Respectfully,

A handwritten signature in dark ink, reading "Gina Gallino Cole". The signature is fluid and cursive, with the first name "Gina" being more prominent and the last name "Cole" following in a similar style.
